

# Information Resources Department

June 19, 2003

<http://library.fnal.gov>

# Staff Information

# 9 full-time employees and 1 temporary

- 3 Librarians
  - Rob Atkinson (SPIRES), Sandra Lee (\$\$), Celina Paul (ILL)
- Library technician / eprint manager
  - Kathryn Duerr
- Library admin support
  - Sue Hanson (circulation desk)
- 2 Computer professionals
  - Jean Slisz (web), Kevin Williams (systems)
- Tech Publications Coordinator
  - Cyndi Rathbun (3 FTE several years ago! J.S., S.H.)
- Margaret Miller (astro-ph eprints)

# Library Responsibilities

- Provide Fermilab staff members with the information they need to do their work.
- Work with Library Advisory Committee
- Books (here and ILL), journals, online databases, reference searches
- Need to effectively manage space constraints (scientists don't like journals off in storage)
- Strong preference for online, but also want print available

# Tech Pubs Responsibilities

- Record and make available all scientific work done by Fermilab
- Use SPIRES database to enter information on new Fermilab papers
- Find missing papers (“leak checking”), papers by Fermilab authors without Fermilab report numbers using SPIRES database
- Ensure full-text is on FNAL server, and link given to OSTI

# Computing Services

- Help LSS with web-pages, design, update.
  - This creates bottle-neck
  - Need to hand over ownership to individual depts
  - We will provide training for people to handle this
- Computing work for IRD
  - Installation of SPIRES
  - Download of phone directory for SPIRES database
  - General computing support for LSS

# Recent projects

- Found and identified 1,205 Fermilab theses
  - Went to Users Meeting to get extra info.
- Using interlibrary (ILL) loan to guide book purchases.
- Complete redesign of IRD webpages
- Rearranged storage of books/preprints in library.
  - Aim is to bring back more journals from storage, and house them safely on the shelves.

# SPIRES projects (partner with SLAC)

- SPIRES database of streaming web video
  - Have worked with VM department to ensure all Fermilab streaming videos in.
- Created SPIRES HEPJobs database
  - Partnered with hepnet.net run by CompDiv
- Created new SPIRES database for book circulation
  - Replacing old DRA catalogue (eventually)
- Working on astro-ph eprints
  - Helping the citation impact factors of astro group
